

LS Quarry has introduced our Quality Management System (QMS) providing a systematic and documented approach to the planning and implementation of quality procedures to ensure that our work practices, employees' awareness and training meet Australian legislation, standards, industry codes and customer expectations commensurate with our operations.

LS Quarry commitment and objectives are to ensure:

- Satisfy all applicable quality requirements
- The establishment, implementation and maintenance of the criteria and methods required for the effective operation and control of our quality processes
- The documentation of procedures and training is provided for our quality methods of work
- Support and assistance is provided to our employees
- Our suppliers and subcontractors conform to our quality requirements
- The maintenance of the integrity of our QMS when changes are planned or implemented
- The continuous monitoring of and improvement to our QMS systems and performance and the elimination of non-conformances through predetermined and auditable objectives and targets
- A customer focus to achieve customer requirements and where possible are enhanced
- Compliance with ISO 9001 Quality Management Systems.
- Compliance with the National Association of Testing Authorities (NATA)
- Continual improvement of the quality management system

This Quality Policy and QMS procedures will be reviewed annually for suitability, adequacy and effectiveness and when required by changes in legislation, standards, industry codes or company operations.
